KENDIX

IRO 11

Description

A closely woven, full uni with attitude, thanks to the brushed stonewash look. Created in a series of linen colours with a natural feel. This fabric is woven with post-consumer recycled fibres. Post-consumer recycled fibres are made from material that has already been used by humans. The Iro curtain fabric is made using recycled PET bottles, which are collected and processed into yarn that is just as high-quality as the original product.

Specifications

Part ID	0106850011
Composition	50% gerecycled polyester, 50% cotton
Width (cm)	300 cm
Weight (g/m1)	969 g/m1
Lightfasness (scale 1-8)	5
Certifications	OEKOTEX
Color variants	14
Shrinkage (%)	2%
Roman blind suitable	Yes

Washing instructions

Industrial washing instructions

Does not apply.
