KENDIX

BLOOMER 04

Description

A classic translation of botanical gardens, enhanced by the base fabric printed on Cinder, giving the impression that the design has been painted directly on the canvas. This fabric is woven with post-consumer recycled fibres. Post-consumer recycled fibres are made from material that has already been used by humans. The Bloomer curtain fabric is made using recycled PET bottles, which are collected and processed into yarn that is just as high-quality as the original product.

Specifications

Part ID	0106910004
Composition	85% gerecycled polyester, 15% cotton
Width (cm)	295 cm
Weight (g/m1)	912 g/m1
Lightfasness (scale 1-8)	5
Certifications	OEKOTEX
Color variants	2
Report	300
Shrinkage (%)	1%

Washing instructions

Industrial washing instructions

Does not apply.
