KENDIX

NIMBUS 21

Description

A woven, durable black-out curtain fabric with a printed structure that gives a slightly cloudy effect. The subtle sheen of the material makes the colours glow. Nimbus is woven with partly post-consumer (FR) recycled yarns.

Additional explanation:
Post-consumer recycled fibres are made from material that has already been used by humans. The Nimbus curtain fabric is made using recycled PET bottles, which are collected and processed into yarn that is just as high-quality as the original product.

Specifications

Part ID	0106930021
Composition	70% recycled polyester flame retardant, 30% polyester flame retardant
Width (cm)	295 cm
Weight (g/m1)	1077 g/m1
Lightfasness (scale 1-8)	5
Flameretardant	Yes
Certifications	OEKOTEX
Color variants	6
Shrinkage (%)	2%
