

RIVE 01

Description

Fashionably functional double-faced fabric. Blended interplay of yarns creates a refined colour nuance. The weave softens the modified flame retardant fibre (Trevira CS) and this sophisticated combination makes RIVE an asset for the project market.

Specifications

Part ID	0104750001
Composition	100% polyester trevira cs
Width (cm)	320 cm
Weight (g/m1)	650 g/m1
Lightfasness (scale 1-8)	4
Flameretardant	Yes
Color variants	12
Shrinkage (%)	1%
Roman blind suitable	Yes

Washing instructions

Industrial washing instructions

Does not apply.
